

## Get to know the neighbours

## Worksheet 1

1. Work with a partner. Look at the different doors. Which house would you most/least like to live in? Why? Tell your partner.

2. With your partner, choose *one* of the houses and answer the questions. Use your imagination.
- Where is the house? Which country? In a city, a town or a village?
  - How big is the house? How many rooms does it have? Does it have a garden?
  - Who lives in the house? A family, a couple, a young person, an old person?
