

# Do you know your beans?!

Can you match the descriptions and the pictures? Put the correct number in the boxes!

These beans are often covered in tomato sauce.

1. Black-eyed beans

2. Kidney beans

These beans are long, thin and green. Cook them when they're fresh!

These beans are popular in Africa and America. They're small and white with a black spot.

3. Runner beans

4. Black beans

These beans are big and dark red. They're great in bean salads and 'chilli con carne' (beans with meat), a typical dish in Mexico.

These beans are small and round. They're great in 'hummus', a typical dish in Greece.

5. Pinto beans

6. Broad beans

These beans are small, oval and black. They're great in soups.

These beans are big, fat and green. Take them out of the pod before cooking!

7. Baked beans

8. Chickpeas

These beans are medium-sized, oval and pink with red bits. They're popular in soups and salads in America.
