

MAKING THE MASKS

Resources: Mask templates, card, scissors, glue or sellotape, lollipop sticks or pencils

Instructions:

- a) Print off the mask templates and glue mask each onto card. (For more durable masks, print and then laminate.)
- b) Carefully cut out the masks.
- c) Stick a lollipop stick or pencil on the reverse side of the mask.
- d) Now the mask can be held by the lollipop stick or pencil.
- e) Alternatively, use a hole punch to make a hole in either side of the masks and thread a piece of string, ribbon or wool through the holes. Now tie around the head.
