Phrases from the audioscript

I was living in Viet Nam.

I often went on fun motorbike adventures.

We didn't usually plan our trips.

We improvised our adventures.

We decided where we wanted to go when we saw things that looked interesting.

It was a Sunday morning.

I took this picture early in 2010.

None of us can remember exactly where we were.

We stopped to take pictures.

These two girls came walking past.

It was still early in the morning.

They'd had a good day.

They'd sold everything in their baskets.

Homework activity

Choose a photo related to [jobs](#) or the [working week](#) and make two lists of activities under the headings 'Habit' and 'That day' for the picture you have chosen, using your own ideas about the photo.

In the next class, you will use the phrases from your lists to tell a story about your photo.
