

Worksheet 2

You are going to write a short story of between 120 -180 words in length. The story **must** begin with the following sentence:

“While Yuna was having breakfast, she knew that this was going to be a very important day in her life.”

Plan your story by discussing the following questions:

1. How old is Yuna and where does she live? Are there any other characters in this story?
2. Why is Yuna’s day so important? Is she going to take part in a competition, get married, take an exam, meet somebody or do something else?
3. Will Yuna or any other character speak in your story?
4. What had Yuna been doing before the first sentence of this story? What tense or tenses will you use when you write about this?
5. How will the story continue after the first sentence?
6. How many paragraphs will your story have?

Now write your story. **Make sure your story has between 120 – 180 words.**
