

**Green fingers****Task 4 – Role play cards****A**

David is a fireman. He lives in London. He is married and has three children aged 3, 2 and 6 months. He lives in a small flat which has four big balconies. He doesn't have a garden. David and his family have a hamster and 2 cats. He wants an allotment to grow fruit and vegetables for his family. He thinks that an allotment is a good place for his children to play.

**B**

Asha is a university student. She lives with her mum, her dad and her sister in a big house in London. They have a very small garden. Asha has a dog called Chip. Chip lives in a kennel in the garden. Asha's mum and dad don't work – they are retired. She wants an allotment to grow food for her family and because she thinks that gardening is a good activity for her parents.
