

# Unit

# 8

## Which is your favorite place in town?

Objectives: Understand that boys and girls do the same activities; Understand that everybody is different and important; Help out in the neighborhood

# We Love Our City

by Trixia Valle

Gael likes his city.

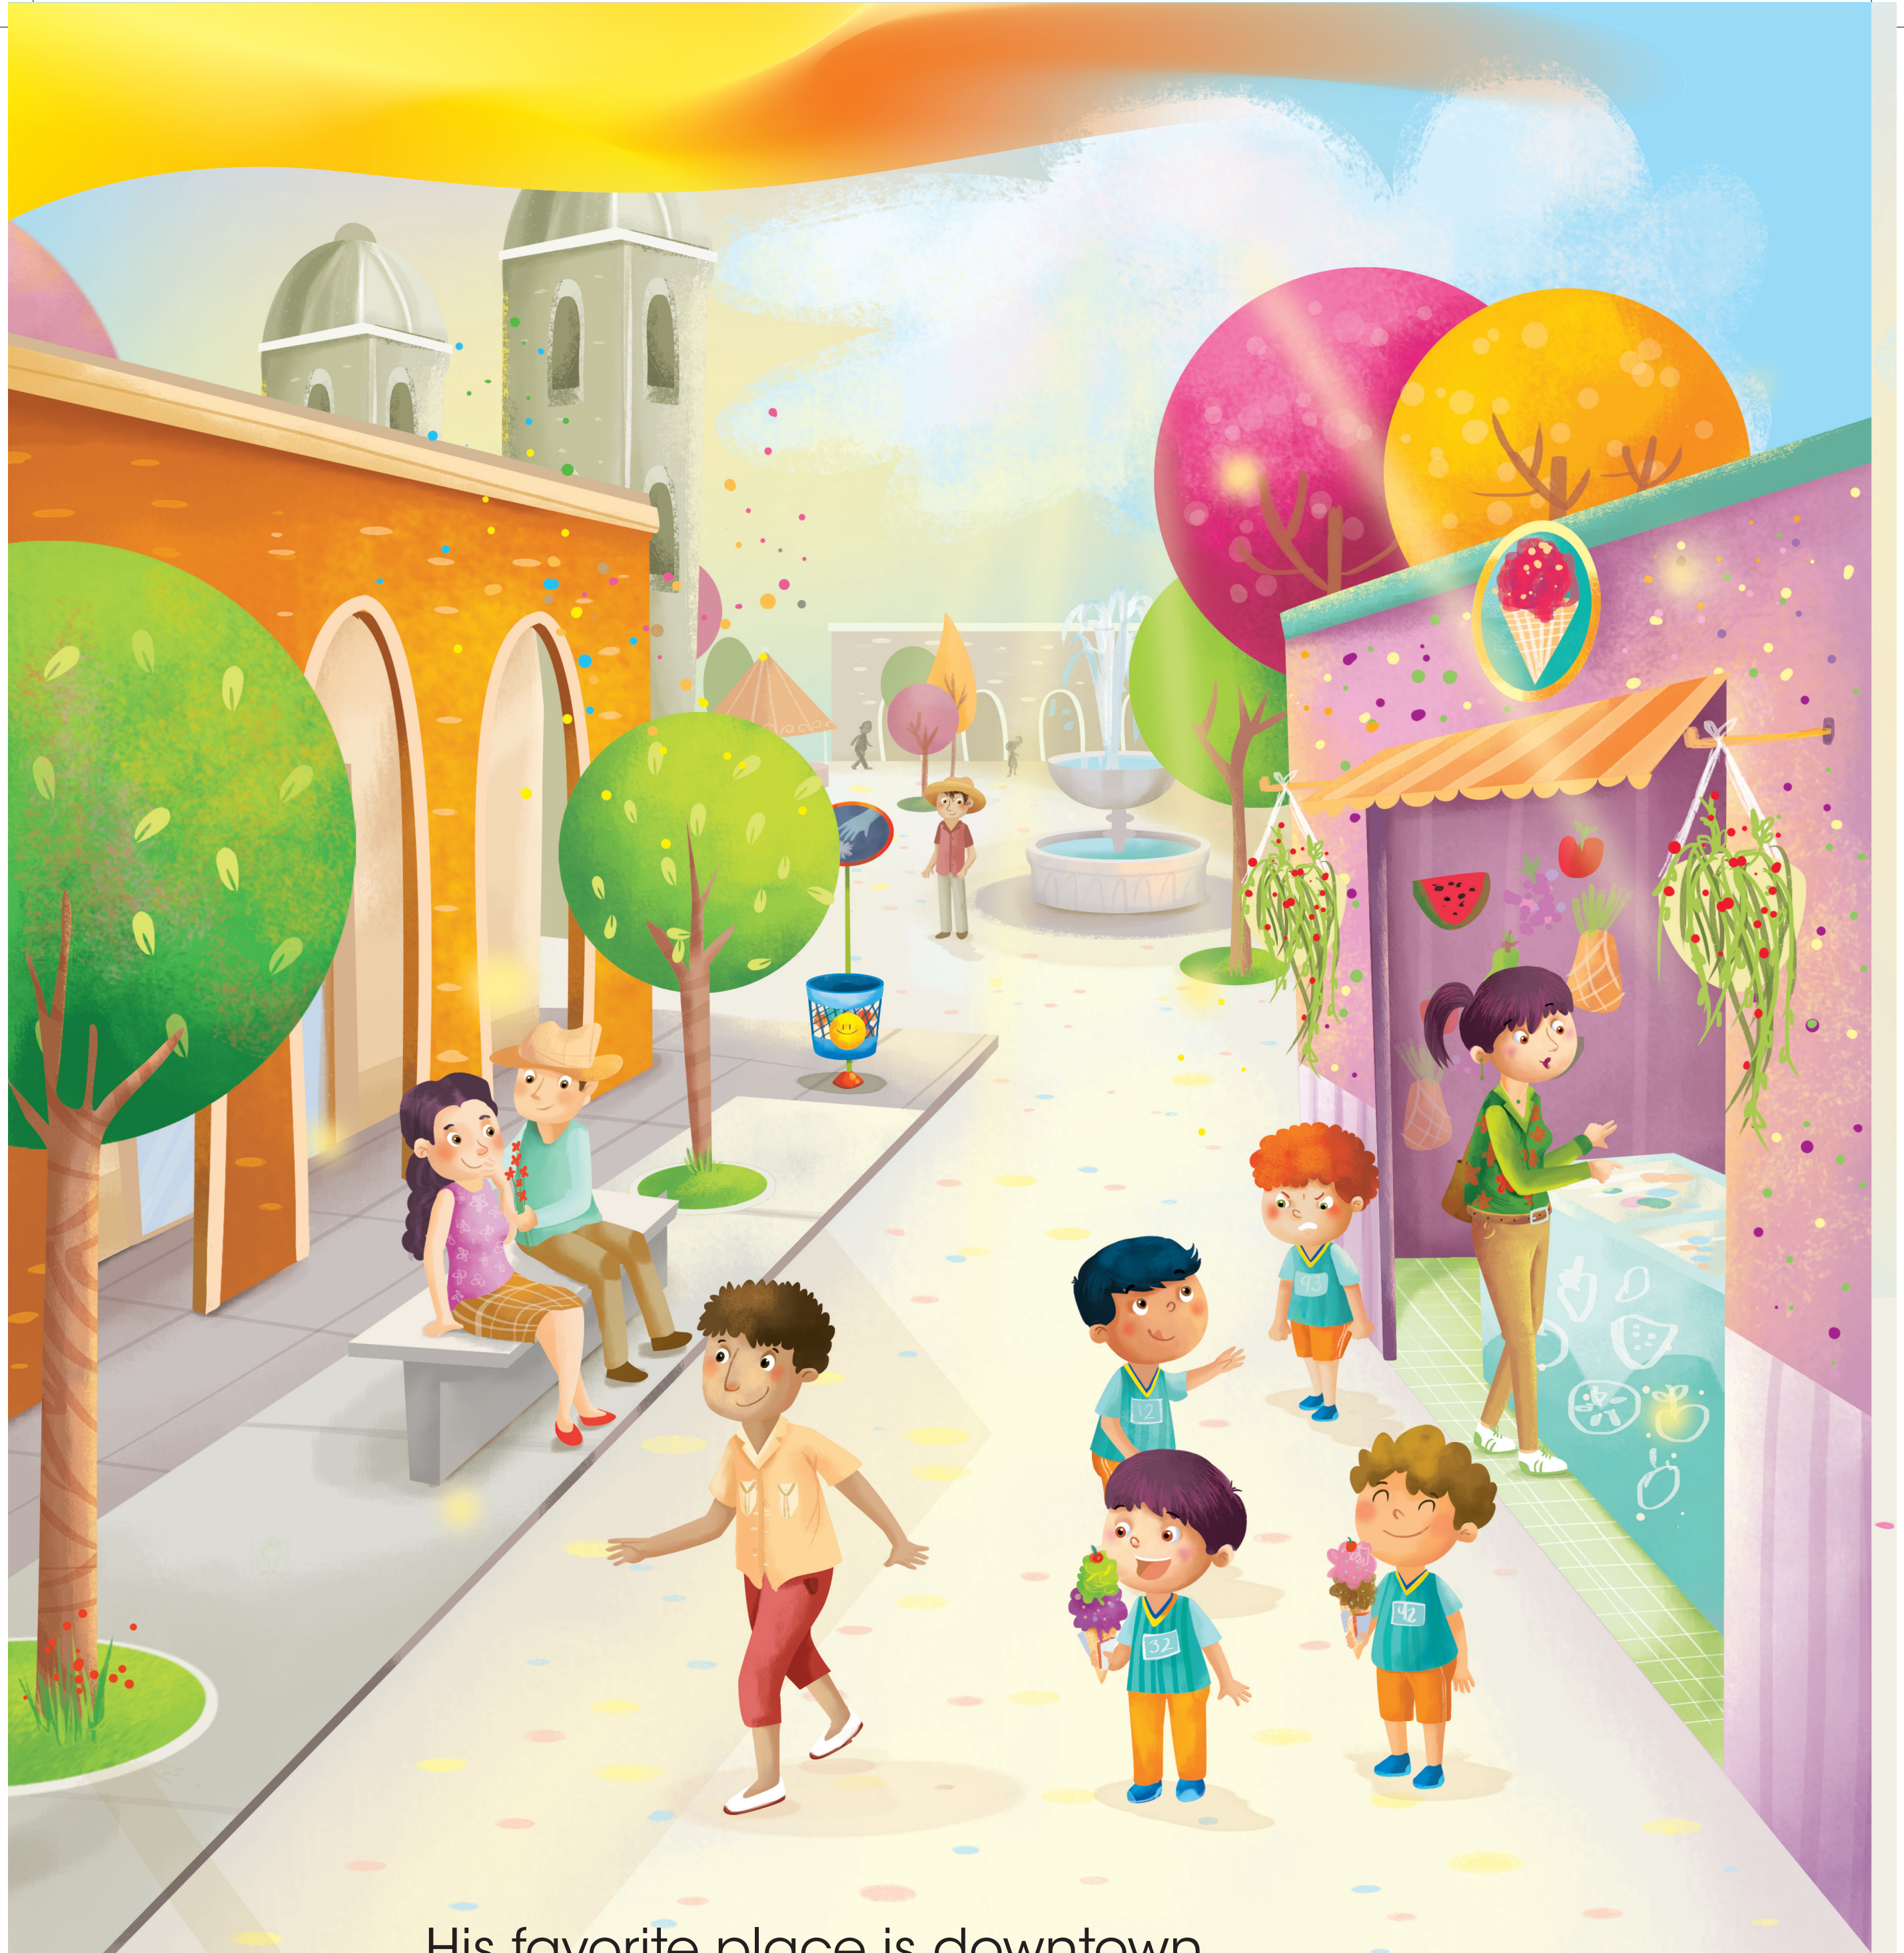

He feels happy in the parks and streets.

He never throws garbage on the ground.

He likes a clean city.

● **Vocabulary:** city, park, street, garbage, ground, clean

His favorite place is downtown.  
There is an ice cream shop downtown.  
On Fridays, Mom buys ice cream.  
He has ice cream with his football team.

Mario is angry today. They lost the game.

Gael's Mom gives him some ice cream to make him smile.

Mario doesn't smile. He eats his ice cream and throws the garbage on the floor.

Gael says: "Mario, put the trash in the trash can! Let's take care of our city. A clean city is a happy city."

Mario is not angry now. He's sorry. He helps pick up the trash.

All his friends hug him. It's good to know when we make a mistake.
